

# AktarEUs

Advanced Knowledge for indirect Trajectory Attack at long Range for EU states

## SELECTED PROJECTS EUROPEAN DEFENCE FUND (EDF) 2024

**CALL TITLE:**

Development actions on ground combat

**TOPIC TITLE:**

Beyond the line-of-sight close combat

**DURATION OF THE PROJECT:**

36 Months

**TYPE(S) OF ACTIVITIES:**

Integrating knowledge, Studies, Design

**ESTIMATED TOTAL COST:**

€ 24,145,409.96

**MAXIMUM EU CONTRIBUTION :**

€ 24,145,409.87

## SHORT DESCRIPTION OF THE PROJECT:

The project addresses the need for greater European defence autonomy and superiority by proposing further enhancements on the beyond line of sight (BLOS) technology.

AktarEUs aims to continue raising the maturity of a European BLOS capability by coming another step closer to future defence products. The BLOS system will offer system integration on multiple land and naval platforms with an integrated tactical network, effector management system integration for collaborative close combat engagement and a dedicated training system. The key objectives are developing an integrated BLOS system in conditions representative of operational use, enhancing cost-effectiveness and lifecycle efficiency.
